

Acceptable Use Policy (AUP)

(Version: 2020-05-01)

There are numerous disruptive activities that can occur on the Internet.

This Document attempts to list activities/usage-patterns/... that are forbidden/prohibited in the network/infrastructure system of the Provider (MyRoot.Pw/Sebastian Graf).

Examples of Prohibited Activities

- Copyright Infringement
(including hosting warez, torrent-trackers or protected content)
- Unsolicited Email
(example: SPAM)
- Denial of Service
(DOS and DDOS)
- Phishing
- Hosting Websites or Sending Mail for the Purpose of Blackmail
- Illegal Hacking Activities
(including: Unauthorized Network Scanning)
- Hosting of Proxy Services
(example: Tor Exit-Nodes, Open Proxy Servers, ...)
- Crypto-Currency Mining
- Excessive Web-Scraping
(example: Operating a "Sneaker Server" for "Shoe Mining")

Examples of Prohibited Content:

- Online Threats and Harassment
- "Revenge Pornography"
- Terrorist Websites
- Child Pornography
